

Contents

| | |
|---|-----|
| A. Rezaei, A. Borumand Saeid, Rajab Ali Borzooei: <i>KU-algebras are equivalent to commutative self-distributive BE-algebras</i> | 1 |
| M. Pavone: <i>Additive Steiner triple systems</i> | 9 |
| E. Aponte, M. T. Biondi: <i>On the stability of the approximate point spectrum under commuting perturbations</i> | 17 |
| F. Conforto, S. Giambò, A. Palumbo: <i>A two-phase mixture relativistic theory with two different four-velocities</i> | 27 |
| M. Murgia, R. Utano: <i>Algebraic invariants of ideals of mixed products</i> | 43 |
| M. La Barbiera, G. Restuccia: <i>A note on the symmetric algebra of mixed products ideals generated by s-sequences</i> | 53 |
| L. Ardizzone, L. Saluto: <i>Propagation of plane and cylindrical waves in turbulent superfluid helium</i> | 61 |
| D. Averna, E. Tomatore: <i>Existence of three solutions for a mixed boundary value system with (p_1, \dots, p_m)-Laplacian</i> | 71 |
| L. Palese: <i>On the Lyapunov function for some convection problems in hydrodynamic</i> | 81 |
| R. Matarese Palmieri, A. Scinelli: <i>A statistical analysis on nitrate, crude fibre and vitamin C contents in some species of horticultural plants, used in Mediterranean diet for a good health</i> | 93 |
| G. Restuccia, R. Utano: <i>The Jacobian dual of products of face ideals</i> | 109 |
